

Process Questions for Junior Science – Up to 50% off !

The well-known 3-volume series for students to practise their Junior Science skills and processes is available at a special rate.

Volumes 1 and 2 contain multiple-choice and free-response questions in Science skills and processes, based on well-known Science topics:

Volume 1: Years 7-8	Volume 2: Years 9-10
Set 1: Cells and Microbes	Set 15: Food and Digestion
Set 2: Plants	Set 16: Circulation and Respiration
Set 3: Animals	Set 17: Our Reproduction
Set 4: Our Environment	Set 18: Atoms and Formulas
Set 5: Solids, Liquids and Gases	Set 19: Electrolytes and Batteries
Set 6: Chemicals and Mixtures	Set 20: Chemical Reactions
Set 7: Separating Chemicals	Set 21: Metamorphic Rocks
Set 8: Acids, Bases and Salts	Set 22: Earth's Resources
Set 9: Weathering and Erosion	Set 23: Earth Movements
Set 10: Sedimentary Rocks	Set 24: Mapping and Earth History
Set 11: Igneous Rocks	Set 25: Motion
Set 12: Forces	Set 26: Waves and Sound
Set 13: Energy	Set 27: Properties of Light
Set 14: Electricity	Set 28: Electronics

The *Teacher's Guide* contains answers to all questions in both volumes, as well as discussions of where students typically 'go wrong' in answering these types of questions.
